### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Schwartz on July 20, 2006.

The application has been amended as follows:

Claim 1-

--1. A method for managing water infiltrating a building at a window opening, said method comprising the steps of:

(a) from an inside of the building, accessing a gap formed at a base of the window opening between a window sill and a horizontal window framing member; and

(b) installing a flash pan within the gap to collect water entering the gap, and comprising locating the flash pan at a bottom corner of the window opening adjacent a vertical window framing member extending perpendicularly upward from the horizontal window framing member, and locating a second flash pan at an opposite bottom corner of the window opening adjacent a second vertical window framing member extending perpendicularly upward from the horizontal window framing member. --

-- cancel claim 3 --

The following is an examiner's statement of reasons for allowance: the prior art does not disclose installing a second flash pan at an opposite corner of a window opening adjacent a second vertical framing member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jessica Laux whose telephone number is 571-272-8228. The examiner can normally be reached on Monday thru Friday, 8:30am to 4:00pm (est).
